Dr. Arnold Fruchtenbaum is founder and director of Ariel Ministries, an organization dedicated to evangelism and discipleship of Jewish people. He has traveled and studied widely throughout the world. He received his B.A. degree in Greek and Hebrew from Cedarville University and his Th.M. from Dallas Theological Seminary before earning his Ph.D. from New York University. His graduate work also includes studies at the Jewish Theological Seminary in New York and the Hebrew University of Jerusalem. Dr. Fruchtenbaum is a prolific writer, having authored ten books, nearly 200 manuscripts, and articles for contribution in a number of books and periodicals.

In the summer of 1976, Arnold, along with others in Jewish missions, discussed the lack of discipleship and intensive Biblical and theological training of Jewish believers. The early concepts of Ariel Ministries were born at that time. In December 1977, Ariel Ministries became a reality.

Since its birth, Ariel Ministries has established branches in Baltimore, Canada, New Zealand and Camp Shoshanah in upstate New York. Branches in Israel, Australia, United Kingdom, and Germany are already in the works.

Dr. Fruchtenbaum's intensive Bible teaching from a Jewish perspective gives believers extraordinary biblical insight, a deeper understanding of their Christian faith, and an appreciation of its Jewish roots (Romans 11:13-27).

Our desire is to give believers an active burden for Jewish missions and equip them with the ability and desire to share Yeshua (Jesus) with their Jewish friends. In the pages of this catalog, we share with you the fruits of Dr. Fruchtenbaum's labor, as well as that of others who share his vision to reach the Jewish people for Messiah.

In structure, the Book of Genesis is a series of eleven family histories, or *toldots*, compiled and edited by Moses. Throughout the vivid detail provided in Genesis, Dr. Fruchtenbaum's exegesis allows God's Word to make its own case for a literal interpretation of the Bible. Genesis makes clear the Messiah would one day come out of Israel to redeem the nation of Israel and to bless all the families of the earth. Dr. Fruchtenbaum's grammatical, historical-geographical approach to the Scriptures from a Jewish perspective, provides the reader an exciting new way to grasp and unlock the richness of this book of the *beginnings* of all nations, and in particular, the beginning of the nation of Israel.

The second installment of the Ariel commentary series opens a portal where formerly unfamiliar names and places come alive with meaning. These two history books are set in a time when Israel was in the Land but not yet a unified nation. In all, God sent twelve Judges to save the children of Israel. Seven of these Judges are treated in detail as Israel goes through each cycle of apostasy, oppression, repentance and salvation by a Judge. The Book of Ruth presents touching portraits of the faithful community of Messianic Jewish believers of their own time.

The Messianic Jewish Epistles: Hebrews-James-I & II Peter-Jude

Hardcover \$35.00, 478 pages | catalog no. baf-mje | ISBN: 0-914863-11-8

eBook formats: mobi format (Kindle users) epub format (non-Kindle users) - \$25.00 ea

Of the twenty-one epistles in the New Testament, five were written to Jewish believers dealing with their specific needs and issues in mind. There are things in these epistles applicable to all believers, but some are truly only of Jewish believers. The epistles are Hebrews, James, I & II Peter, and Jude. This important book deals with the issues Jewish believers wrestled with during the turbulent early years of the church. With the Mosaic Law now replaced by the Law of Messiah, Jewish people struggled with questions such as "How are we to live and relate to our family, community, and the world?" These questions and God's answers are at the core of this important book.

Using the Book of Revelation as an end time road map, Dr. Fruchtenbaum weaves the prophetic writings of the Hebrew Scriptures and Messiah’s teachings to reveal God’s plan for the future of Israel and the world. Dr. Fruchtenbaum gathers the many pieces of the prophetic puzzle and places them in a sequential order with the result summed up by Dr. Charles Ryrie in his forward: “Those who read this book cannot help but be instructed and stimulated by his work.” Twenty years of teaching Eschatology since the original writing of this book has given Dr. Fruchtenbaum further reflections on some passages. This updated edition includes five new appendices to the book.

Ha-Mashiach: The Messiah of the Hebrew Scriptures

Paperback \$20.00, 200 pages | catalog no. baf-hm | ISBN: 978-1-935174-33-2

Ha-Mashiach: The Messiah of the Hebrew Scriptures (formerly entitled *Messianic Christology*, now freshly reformatted with an updated introduction) is a study of prophecy concerning the First Coming of the Messiah. Dr. Fruchtenbaum works his way through the Hebrew Scriptures and shows from The Law, The Prophets, and The Writings how the revelation of the Messiah gradually progressed and built-up to reveal a magnificent picture of the Deliverer to come.

When the messianic expectations of Hebrew prophecy are fully understood, it becomes clear who alone can fulfill these requirements.

Do You Know?

- That *Chavah* (Eve) mistakenly thought she had given birth to the promised God-Man?
- That there are two distinct prophecies in Isaiah 7, one to the wicked king Ahaz and another to the whole house of David?
- That Daniel 9 is only one of seven prophecies that insist upon Messiah's appearance on earth before a very significant historical event?
- That the covenant recorded in II Samuel 7 refers to a different person than the parallel passage in I Chronicles 17?
- Why Lamech believed his son was to be the Messiah?

Ha-Mashiach: The Messiah of the Hebrew Scriptures is an absorbing study that will answer these and many more questions, strengthen your faith, bless your heart, and invigorate your worship of the God of Abraham, Isaac, and Jacob.

IV. Theology

Israelology: The Missing Link in Systematic Theology

Hardcover \$42.00, 1,100 pages | catalog no. baf-isr | ISBN: 0-914863-05-3

eBook formats: mobi format (Kindle users) epub format (non-Kindle users) - \$29.00 ea

One's view of Israel is key in determining one's theology. This groundbreaking study investigates four approaches to the theology of Israel past, present, and future and scrutinizes beliefs that tend to confuse the identities of both Israel and the Church. It is the first to create an entire systematic theology of all that the Scriptures say in regard to the people of Israel. As such, Israelology fills a tremendously neglected void, while affecting nearly every other segment of systematic theology and directly addressing a crucial point of division in evangelical theology today. Israelology pioneers a fully dispensational approach to the topic of Israel, proving that it is central to a proper systematic theology and, thus, critical in terms of issues such as Messiah's return, evangelism, anti-Semitism and, ultimately, God's entire agenda for Jews and gentiles alike.

The Remnant of Israel: The History, Theology, and Philosophy of the Messianic Jewish Community

Paperback \$14.00, 184 pages | catalog no. baf-roi | ISBN: 978-1-935174-07-3

eBook formats: mobi format (Kindle users) epub format (non-Kindle users) - \$9.00 ea

Thirty-five years after the publication of *Hebrew Christianity: Its Theology, History, and Philosophy*, Dr. Arnold Fruchtenbaum has again surveyed the rapidly changing face of the Messianic Jewish Community. *The Remnant of Israel: The History, Theology, and Philosophy of the Messianic Jewish Community*, is an update on the growing and diversifying community of Jews who have found favor with God by receiving Jesus as Messiah. Written by a Messianic Jew for Jew and Gentile alike, here is an articulate survey of the biblical position of the Messianic Jew in the setting of community. Dr. Fruchtenbaum again assesses how this community is distinctive and how it relates to the Jewish people, the Law of Moses, the local church, the State of Israel, missions, and many other timely topics. The rapid growth of the Messianic Jewish community has provoked interest as well as offense. Here is what is happening in the lives of Messianic Jews and how they and their movement relate their faith to the rest of the world.

Any believer in Jesus who has partaken of "communion" will find the Jewish background of that sacrament not only fascinating and edifying, but a tremendous way to share one's faith as well! The Sabbath

Paperback \$13.00, 147 pages | catalog no. baf-sab | ISBN: 978-1-935174-41-7

eBook formats: mobi format (Kindle users) epub format (non-Kindle users) - \$9.00 ea

This detailed study of the Sabbath comes at a time when there is so much confusion and debate among both Jewish and Gentile believers regarding what the Bible really teaches about it. The apologetics used for mandatory Sabbath-keeping are almost exclusively based upon the Old Testament for obvious reasons: there is no New Testament command for believers in general or Jewish believers in particular to keep the Sabbath. The purpose of this study, then, will be to examine what the Sabbath is in both testaments. At the same time, it will examine arguments used to support mandatory Sabbath-keeping. This study examines the Sabbath in Judaism, the Old and New Testaments, the issue of Sunday worship and the Sabbath, the Sabbatical Year, and the Year of Jubilee.

God's Will, Man's Will

Paperback \$13.00, 150 pages | catalog no. baf-gwmw | ISBN: 978-1-935174-42-4

eBook formats: mobi format (Kindle users) epub format (non-Kindle users) - \$9.00 ea

The age-old antinomy still rages today. If people are really able to make moral, meaningful decisions, then somehow they must be able to act against God's will. But if people can act against God's will, then how can God be said to be sovereign? In other words, how can we be both free and predestined at the same time? Dr. Fruchtenbaum offers a balanced and biblical plea in this engaging study that examines the issues of God's sovereignty in relation to human responsibility.

Faith Alone: The Condition of Our Salvation

Paperback \$13.00, 144 pages | catalog no. baf-fa | ISBN: 978-1-935174-45-5

An exposition of the Book of Galatians and other relevant topics.

Exactly what must one do to receive eternal life? The answer should be easy for Bible believing followers of Messiah, but too many believers think they can and need to add to their salvation some kind of work. Salvation by grace through faith seems inadequate. In *Faith Alone*, Arnold Fruchtenbaum expounds on the necessary condition of salvation. He compares the Law of Moses with the Law of Messiah and responds to those who contend that salvation is earned by works or obedience to the Law of Moses. By looking closely at Paul's arguments in his letter to the Galatians, Dr. Fruchtenbaum expounds the truth that salvation is indeed by grace through faith alone.

"After 30 years of involvement with our Messianic movement, I know we need this book! Confusion exists regarding Law and Grace, and the message of Messiah's Good News will be brought into clear focus for both Jewish and Gentile believers by this book." — Mottel Baleston, Messianic Jewish Teacher

Based upon Messianic Bible Studies: *The Book of Galatians, The Law of Moses and the Law of Messiah, The Conditions of Salvation, and The Lordship of the Messiah*, this fully revised volume beautifully unifies the theme of "faith alone" from the book of Galatians and beyond, now with newly expanded material including answers to objections.

MESSIANIC BIBLE STUDIES COLLECTION

The Collection: MP3 on CD

5 CD Set, \$285.00 | catalog no. mbscol-mp3-cd |

It's somewhat of a mystery to us as to how he does it, but Arnold Fruchtenbaum continues to come up with new, not to mention, extensive studies of the Scriptures. Maybe it has everything to do with his expert knowledge of Hebrew, Greek, the Talmud, the history of the Jews, the geography of Eretz Israel, a scholar's command of The Word – and the illumination of the *Ruach haKodesh*.

The Collection includes all 190 Messianic Bible Studies transcribed from Arnold's original radio broadcasts. Each study is a solid foundation upon which you can stand – a whiteboard from which you can teach – or a podium from which you can preach the uncompromised truth to your congregation. We're confident you'll be impressed and eternally blessed, by the laser-like precision of Dr. Fruchtenbaum's anointed exegesis. This MP3 audio version of The Collection is shipped to you on 5 CDs, containing over 245 hours of teaching on 1,294 MP3 audio tracks:

STUDIES ON THE LIFE OF THE MESSIAH

Life of Messiah from a Jewish Perspective

MP3, \$44.00 (audio of the DVD on 1 CD) | catalog no. MP3-cts-lmj

DVD, \$99.00 (11 DVDs) | catalog no. DVD-cts-lmj

For more than three decades, Dr. Arnold Fruchtenbaum has traversed the globe teaching and sharing the living story of our precious Jewish Messiah. Many thousands have been awed – when for the first time, they see and hear Jesus portrayed in His proper context as a First Century Jew. A distinctly Jewish understanding of the Life of Messiah has been missing from the Church since the 4th century. At that time Jewish believers either were completely assimilated into Gentile Christian culture or were forced to leave the Church because of rampant Jewish persecution within it.

The Life of Messiah from a Jewish Perspective teaching series spans the centuries to dispel the modern misapplications of what Messiah taught. Dr. Fruchtenbaum lines up the Gospel accounts of Messiah's ministry in chronological order, and a rich tapestry of the Jewish world is woven – into which Yeshua is born, lives, dies and rises again for all mankind!

Over six hours of solid Biblical teaching, recorded live at our global headquarters in 2008. God did not choose to give the world His entire written Word at one time. Rather, the writing of the Scriptures occurred over a period of sixteen hundred years. Step by step, the plans and purposes of God were unfolded at specific points in history. Each step of His plan was absolutely flawless. But a comprehensive understanding was not possible for mankind until the entire canon of Scriptures was finished in John's Revelation. Now, man has a complete a revelation of what God wants man to know about His character and His plans. It is impossible to make sense of the Bible without a foundation built upon a consistent literal interpretation of the Scriptures. This literal approach forces us to come to grips with God's three covenantal agreements with mankind as a while and five covenants specifically with the people of Israel.

Dr. Fruchtenbaum offers a balanced and biblical plea in this engaging study that examines the issues of God's sovereignty in relation to human responsibility.

The Good News of Passover, Part One; Making Sense of the Jews, Part Two (by Jacques Gabizon)

DVD, \$39.00 (6+ hours on 4 DVDs) | catalog no. DVD-hs-gnp

Part One: In the Scriptures, much stress is put onto the Feast of Passover. It commemorates the birth of the nation Israel, a time when God gave the Israelites a new calendar, a new law to live by, and most importantly, a feast which strongly links the nation of Israel with her Messiah. Today this all important perspective has been lost. This teaching will both help the Jew rediscover his biblical origins and carry the Gentile believer back to the roots of the doctrine of redemption.

Part Two: Is it possible for anyone to grasp the fundamental message of the Bible without considering one essential element that permeates throughout it, from Genesis to Revelation? Israel is found everywhere in Scripture and is not only connected with the Church's fundamental doctrines but is directly related to Jesus Christ who came from this nation. Today, while biblical Christianity has been salvaged by many godly men and women who were instrumental in bringing thousands to a saving knowledge, there still exists a great bias against the Jewish people. Jacques traces the history of Israel throughout its various dispersions and shows how it suffered and still suffers today in the hands of many true believers.

All nineteen hours of this series which investigates four evangelical theological approaches to the issue of Israel were recorded live at Chafer Theological Seminary in 2010. All four theological systems are defined, described and evaluated on the basis of their theology of Israel. The discussion of each system is divided into three broad categories: Israel Past, Israel Present and Israel Future. Each category investigates what each system has to say on certain key topics that are crucial to Israelology.

Dispensationalism uses a literal hermeneutical approach to Israelology and Eschatology and insists on a consistent distinction between Israel and the Church, past, present, and future. Only Dispensationalism allows for a fully developed Israelology. This course will show that Dispensationalism has failed to incorporate Israelology into its overall Systematic Theology. Therefore, Dispensationalism needs to develop a complete Israelology that is a distinct and separate entity in their overall Systematic Theology, detached from Ecclesiology and Eschatology.

Dr. Fruchtenbaum systematizes Israelology on the basis of dispensational hermeneutics providing a comprehensive theology of Israel Present. This course also discusses other relevant topics that concern Israelology and, I will show how Israelology affects and/or overlaps other divisions of Systematic Theology.
